Dec 24th

Dear Miss Hood

Thank you so much for the letter
making it possible for me to hear
Mrs Parlow's playing of the Brahms
Concerto. It was a grand performance
and a delight to me & equally to
see the fine bowing and fingering
the Brahms Concerto is a particular
favorite of mine and I shall never forget
the memory of her playing — She gave
me the impression of one who was
passionately in sympathy with Brahms
and played instinctively as one who knew
the orchestra was underneath her —

The finale was equally as
interesting and I thought how
wonderful improved the Brasses
were, nice last I heard the
orchestra.

My wife (over me)
is expressing our thanks and
delight in your continued health

Respectfully

Sincerely Yours

H. K. Pack
